<b>BCIT – Diploma</b> International Business Management	September 2015 Burnaby, BC
<i>Intensive team based business program focusing on international trade and transportation, international marketing and management. Along with other "localized" business needs such as finance, project management, logistics and sales. Included two industry projects.</i>	

---

## EXPERIENCE

### Diamond Resorts – Assigned Industry Project

- Designed and built a mobile first Diamond Resorts Members forum using ASP.net Core
- Had to build around the previous SQL Server database with over 600k users. Retrofitting the old data into newer technologies
- Lead the team, and acted as main communication with the project stakeholders at Diamond

### PutOnChain.com – Blockchain communicating Web App

- With a team at a hackathon, built a responsive React web application allowing customers to upload a hashed file to the Ethereum blockchain, with a Node.js backend.

### Ben's Budgeter – React PWA

- Progressive web app, built using React and a Node.js backend with a MongoDB database.
- Utilizes new javascript technologies such as a service worker.
- App can be found and downloaded directly onto your mobile device at:  
<https://bensbudgeter.firebaseio.com/>

### BCIT – ASP.NET Core Gift Card App (Assigned Team Project)

- Developed, as a team, an app where users can buy gift cards and then send to their friends using either email.
- App uses an ASP.net core backend and frontend. Prettified using Bootstrap
- Project can be reviewed at: <http://github.azurewebsites.net/>

### SEI Industries

SEI Industries is an international manufacturer based in Delta BC that makes a range of civilian and military products. Their most famous being the 'Bambi Bucket' which is the number one tool for putting out forest fires.

Sept. 2016–Mar. 2017

May 2017

Delta, BC

### BCIT – Team Lead Industry Project 1

- Lead a team of three classmates to analyze the market for a company that SEI intended to acquire.
- Organized weekly meetings with project stakeholders and organized the project to make sure it finished complete and efficiently.
- Provided and presented a 60 page report detailing our findings.

### BCIT – Team Lead Industry Project 2

- After the first project, was invited back to lead a project where we analyzed the market in Canada for a new product SEI intended to produce.
- Research was carried out by internet, phone and investigating.
- Wrote and presented a report at the end of the project.

### Paid Intern

- Assisted with researching and determining a marketing representative for SEI in the Kingdom of Thailand
- Updated the manuals of most of SEI's current product range
- Determined marketable opportunities for SEI in Africa

### Municipality of Whistler

Village Maintenance Crew

June. 2014 – Sept. 2014, Apr.2016 – Sept. 2016

Whistler, BC

Provided general village maintenance and cleaning in Whistler village. Kept the village clean but importantly spoke with guests and tourists, assist them if need.

### Hy's Steakhouse

Captain

Aug. 2015 – Dec. 2015, Dec.2016, Dec. 2017

Whistler, BC

Expedited, and food ran in a fast-paced dining environment where we were expected to take the initiative on creating a supreme dining experience for the guests.

---
